- Select items have wine storage and bar functionality, making entertaining easy.

QUALITY FROM START
TO FINISH

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality, and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 steps. This results in unsurpassed clarity, depth, color richness, and durability. Through hand craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

WOOD & VENEER
CONSTRUCTION

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium-density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These materials do not expand or contract with heat and cold and absorb less moisture than solid wood, resulting in stronger and longer-lasting furniture. Due to the wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

FABRIC

Upholstered items feature "Performance Fabrics" that offer superior stain and fade resistance, long-lasting durability, and easy cleaning.
