

A close-up photograph of a wooden dining table and a matching chair. The table has a smooth, polished surface with a visible wood grain. A white ceramic vase is partially visible at the top center. The chair's backrest is curved and also shows the wood grain. The lighting is warm and focused on the furniture.

RELAX AND RECONNECT AS YOU COME TO THE FAVORITE PART OF YOUR DAY. IT'S THAT TIME WHEN YOU PUT YOUR FEET UP, SIT BACK AND ENJOY YOUR FAVORITE TV SHOW, MOVIE OR SPORTS EVENT. OR MAYBE SPEND SOME EXTRA TIME GAMING.

At Hooker Furniture, we want to help make your downtime enjoying movies, electronic games or music even better. We've thoughtfully designed a wide selection of home entertainment furniture in styles ranging from American traditional to casual to modern, with finishes from warm brown to black, red or antique white.

By helping you organize all your home entertainment electronics, hide unsightly wires and display your collectibles, we hope to make your surroundings as enriching as your entertainment.

Hooker Furniture offers endlessly functional tables that provide an easy way to change the look of your room. It's the little details that make all the difference. Tables range from casual and rustic to coastal or glam featuring varying materials such as stone, marble, metal and glass.

How do you give your home a personal touch and make it a reflection of your passions and personality?

Start by selecting a unique and original accent as an artistic expression of you. With hundreds of accent tables, chests, consoles and credenzas to select from at Hooker

Furnishings, you're sure to find one that delights you. Start conversations with a mirrored chest. Turn heads with a pierced console. Delight the eye with the carved leg of an accent table, or the fretwork of an étagère.

Discover the treasures of your home with personality-filled pieces punctuated by mixed materials, hand painting, sophisticated finishes and delightful details.

Is whimsical your style? There's a piece for you. If your flavor is classic with a twist, you can find that too. Other style finds on your treasure hunt? Too many to count, but the list includes dramatic, romantic, elegant, farmhouse, cottage, coastal, urban and multicultural.

Enjoy browsing these pages to choose a piece that says, "That's me." Place front and center of your hallway, living room or foyer and top with things you love. Now that's instant style.

A new accent piece may be the breath of fresh air needed to give your room--- and your spirits -- a lift, helping you enjoy your home more than ever.

Entertainment Features sound bar

Many consoles feature a component area large enough for sound bars.

electrical outlets

Multiple UL listed electrical outlets make equipment hookups easy.

ventilation

Audio compartments feature back ventilation holes to enhance air circulation and reduce heat build-up during use.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes “feel” as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
