BIG SKY

The natural beauty and near mystical experience of the American wilderness inspires a spirited collection from Hooker Furniture, a celebration of dramatic vistas and the freedom to roam, a land of rough-hewn timber and towering snow-capped peaks, boundless plains, and cool, clear mountain lakes.

Hooker brings home a dream of wide-open spaces and a life lived in tandem with iconic landscapes with furnishings that evoke the weight, heft and heritage of post and beam construction, the mark and artistry of true craftspeople, and substantive, thoughtful designs right for today.

Watch for warm, rustic, hickory veneer, and rich finishes like charred timber, dusk, and avalanche, organic textures like burlap and top grain leather, forged hardware, and classic moldings for the traditionalist. Those with a more modern bent will gravitate toward the clean lines of waterfall edges, crosshatch surfaces and planking details that speak to authenticity and the hand of the maker.

Welcome to the peaceful, easy feeling of Big Sky.
It's time to simply breathe.

BIG SKY

Bringing nature home to create a peaceful, natural environment. Rustic, Organic, Warm, Comforting. Organic textures, burlap, and top grain leather enhance the organic vibe of the collection.

- Vintage Natural – Warm rustic, natural finish. Random cut hickory veneer
- Furrowed Bark – Crosshatch texture
- Charred Timber – Restorative beauty of a charred forest
- Avalanche – Nature's blanket of snow that feeds our streams and rivers
- Dusk – Warm, dark, rustic metallic finish

Two distinct personalities:

For the Traditionalist - Classic, known design elements, traditional molding details, timber style design, metal turnings, and forged hardware support a rustic traditional/transitional environment.

For an Organic Modern vibe - Waterfall edges, planking detail, timber style design, crosshatch surfaces and hardware support a more contemporary/modern environment.

Quality

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

Fabric

Upholstered items feature "Performance Fabrics" that offer superior stain and fade resistance, long-lasting durability and can be easily cleaned.
